

FACT SHEET

Use of Mobile Market+ for SNAP Transactions

The United States Department of Agriculture (USDA) recently announced that Mobile Market+ (MM+) will be phased out at the end of July 2018. The National Association of Farmers Market Nutrition Programs (NAFMNP) is providing funding to keep the Market Link program active for an additional 30 days so that stakeholders have extra time to find an alternative solution.

In order to ensure continuity, we encourage affected farmers' markets and vendors to purchase or rent EBT processors so they will have an alternative method of processing federal nutrition electronic benefits, including SNAP, once the thirty-day extension ends. Below is a list of vendors for EBT processors:

Chase for Business

Corey Tatum
214-849-3575
Corey.Tatum@chase.com

Merchant Source

Kim Lyons
800-313-5198
KimL@merchantsource.com

TSYS

Larry Homberger, Sr. Account Executive
303-625-4275
lhomberger@tsys.com

Payment Spring

Jason Butts
